Career Objectives

This is my statement of purpose to highlight my specialization as a skilled software engineer or any related Computer Operations. My major skills and abilities relevant so far are in relation to the purpose towards applying as a PHP Developer and skills related to creating dynamic Web Applications and CMS, of which I have participated in the creation. Few of my works are an ongoing robust Chat App, GPT websites and CMSs like https://howtocode.gq, and other Web Apps e.g. https://calculateall.net, https:/gistapp.ga, https://paypspieloo.com and functions for clients. It also includes working with other frameworks in creating mobile apps and relevant APIs. More so, I look forward to bringing about meaningful impact and adding real value to the organization's bottom-line.
